DETAILED ACTION

Election/Restrictions

1. Claims 1, and 3 thru 20 are allowable. The restriction requirement between species, as set forth in the Office action mailed on 8/22/05, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 10 thru 20, directed to Species II, are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

2. Claims 1, and 3 thru 20 are allowed. The following is an examiner's statement of reasons for allowance: The references of record, either singularly or in combination, do not teach or suggest at least the electrode pads are arranged in a first line extending in a first direction along a peripheral edge of the semiconductor chip on the first main surface, and the external terminals are arranged in a second line extending in a second direction perpendicular to said first direction, and are electrically and **directly** connected to the electrode pads in a one-on-one connection relationship.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
